

Rama Dental College, Hospital & Research Centre

MOU activity Organised by Department of Periodontology In

Collaboration with Jan Jagriti Seva Samiti, Kanpur (JJSS) Sept 2026

(An open platform for education, employment generation, entrepreneur development self-employment, and social activity system)

Date Activity: Free Dental Health Camp conducted on **18 September 2026** in collaboration with JJSS.

Introduction: A memorandum of understanding (MOU) signed between Department of Periodontology, Rama Dental College, Hospital and Research Centre (RDC) and Jan Jagriti Seva Samiti, Kanpur on 10.07.2023. The parties wish to work in the areas of academics and research work and assistance in dental health education & entrepreneurship.

Objectives: Both parties agree to work together in areas of mutual interest on the basis of equality and mutual cooperation. The collaboration may include:

- Cooperation in research, development, and consultancy activities in areas of mutual interest.
- Conducting joint research projects and submitting joint research proposals.
- Promoting activities related to education, entrepreneurship development, employment, and creating new employment opportunities.

Key activities: As part of the collaborative initiative under the Memorandum of Understanding (MOU) between the Department of Periodontology, Rama Dental College, Hospital & Research Centre and Jan Jagriti Seva Samiti (JJSS), represented by Shri Vijay Pratap Singh, Secretary, JJSS, a Free Dental Health Camp was successfully organized on **18 September 2026** at **Dispensary, HBTU, Kanpur**. The primary objective of this outreach program was to promote awareness and early detection of oral and periodontal diseases among students and staff members, while also encouraging the adoption of preventive oral health practices among them.

1. Periodontal Screening and Diagnosis: A team from the Department of Periodontology conducted oral and periodontal examinations of the participants to check their gum and oral health and identify any other oral problems.

2. Preventive Counseling and Personalized Advice: Participants were given simple and individual advice on proper brushing and oral hygiene, risk factors for gum diseases, preventive care, and the importance of regular dental check-ups.

3. Oral Health Awareness and Education Session: An oral health awareness session was conducted for students and staff to explain the importance of maintaining good oral hygiene and healthy gums. The session was **moderated by Dr. Shruti Gupta, Professor, Department of Periodontology**, who discussed the importance of periodontal health and ways to promote better oral health in the community.

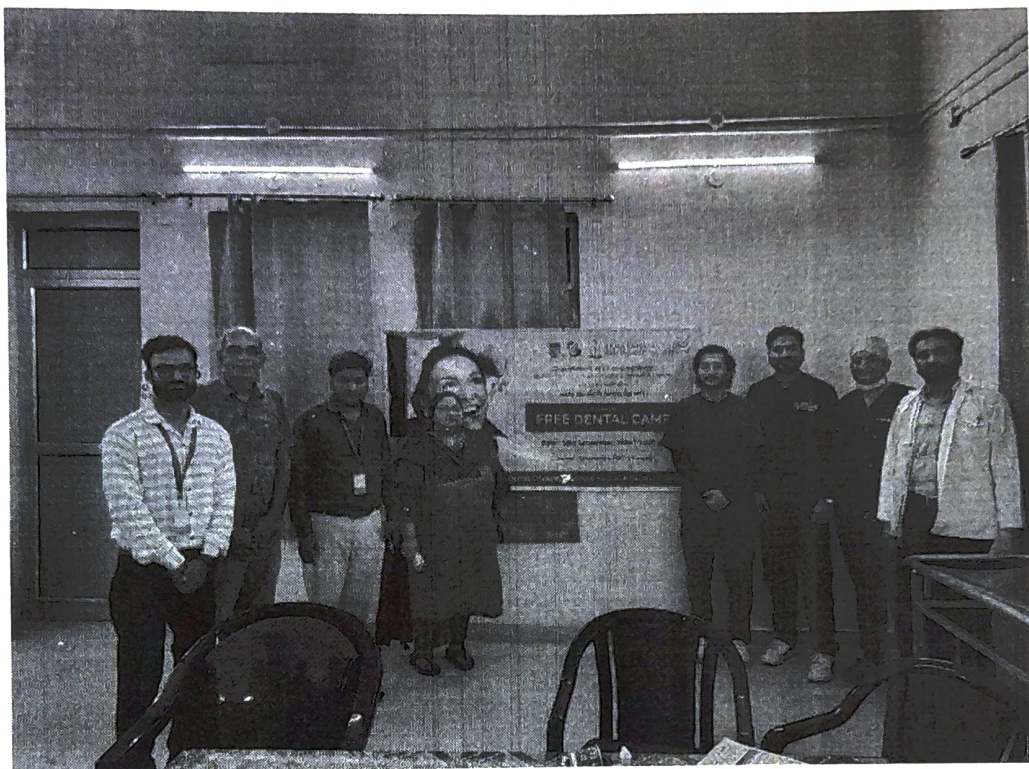

Impact and Benefits: The dental health camp received a good response, with approximately **345 students and staff members** benefiting from the services provided. The camp offered basic dental screening and preventive care and also helped increase awareness about maintaining good oral health.

Outcome: The collaborative activity under the MOU reflects the joint efforts of Rama University and Jan Jagriti Seva Samiti (JJSS) to provide dental healthcare services and oral health education to the community. The programme helped improve awareness and knowledge about oral and periodontal health and highlighted the importance of regular dental check-ups and proper oral hygiene.

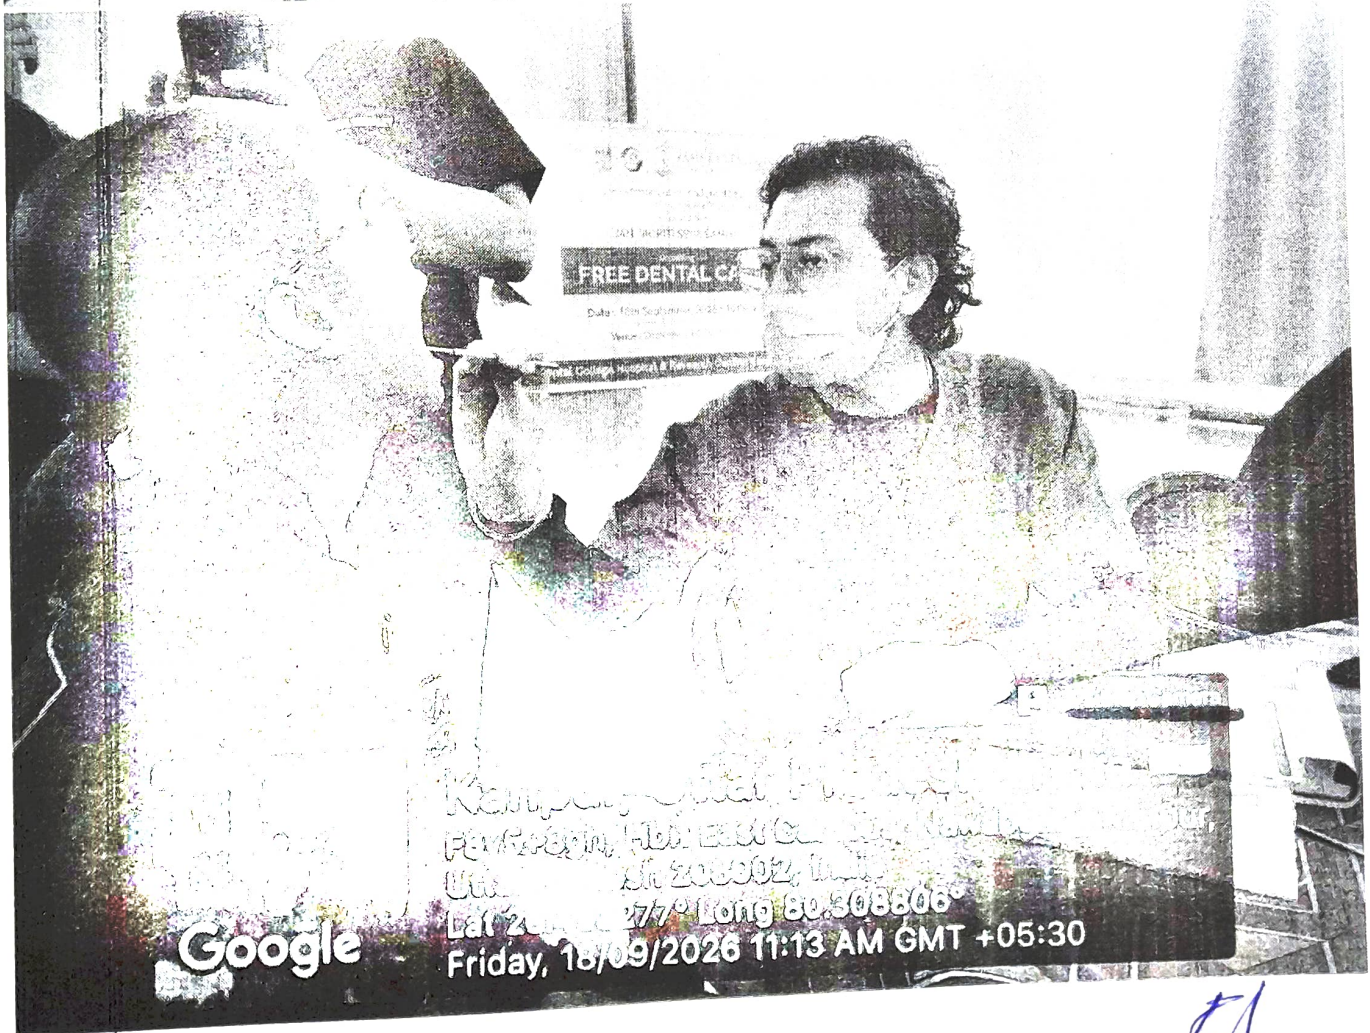

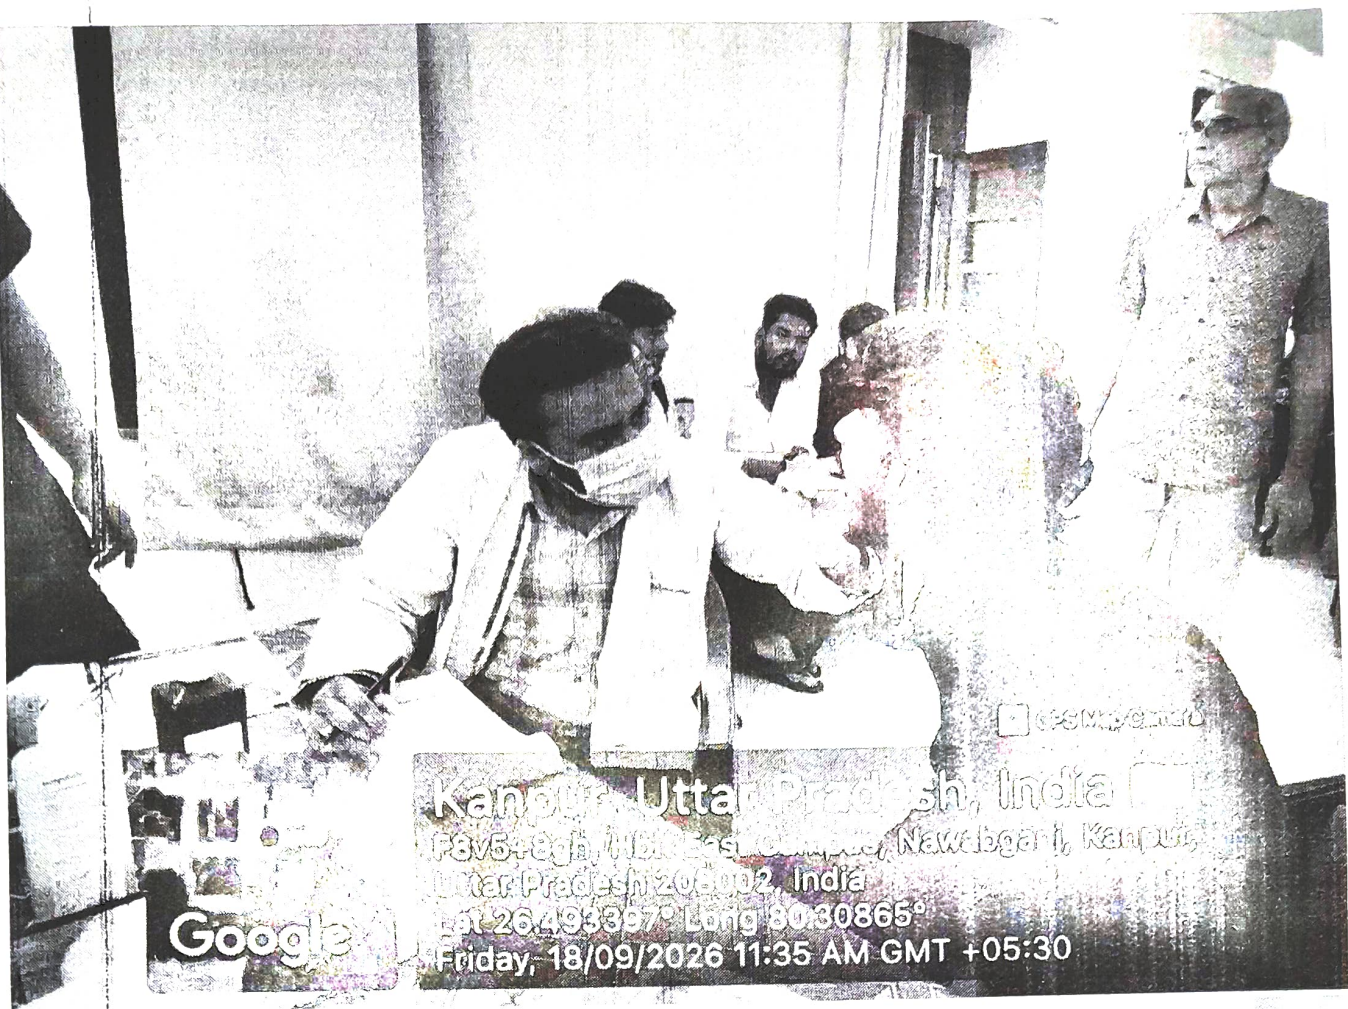

- **Increased awareness:** Participants gained better awareness about gum health and periodontal diseases.
- **Improved knowledge:** The educational activities helped participants understand the importance of good oral hygiene and regular dental care.
- **Community benefit:** The programme helped promote better oral and periodontal health practices within the community.
